

CAREER IN A GAME

THE CITY FULL OF OCCUPATIONS

Online game for career education

600+ Occupations in 3 levels

- examples of work activities, work tools, personal requirements & skills
- minimum level of education usually required by employers

Try the game with your 12 - 14 aged pupils

- Are you in contact with pupils standing before their first choice of educational path & occupation?
- Do you want to help them with vocational orientation?

- During the game pupils will answer simple quiz questions
- The RIASEC profile will be created from their answers
- The system will recommend the most appropriate occupations for the achieved RIASEC profile
